Everyone goes to the see the dentist.
The dentist helps you take care of your teeth.
At the dentist office, you will meet special people who know how to care for teeth. We also have beautiful fish to see while you are here!

You can find a comfy place to sit while you wait for your turn.
You can always bring your favorite toy or stuffed animal from home!

The hygienist will have special tools to look at your teeth. There will be a tooth counter and a small mirror to look at your back teeth.

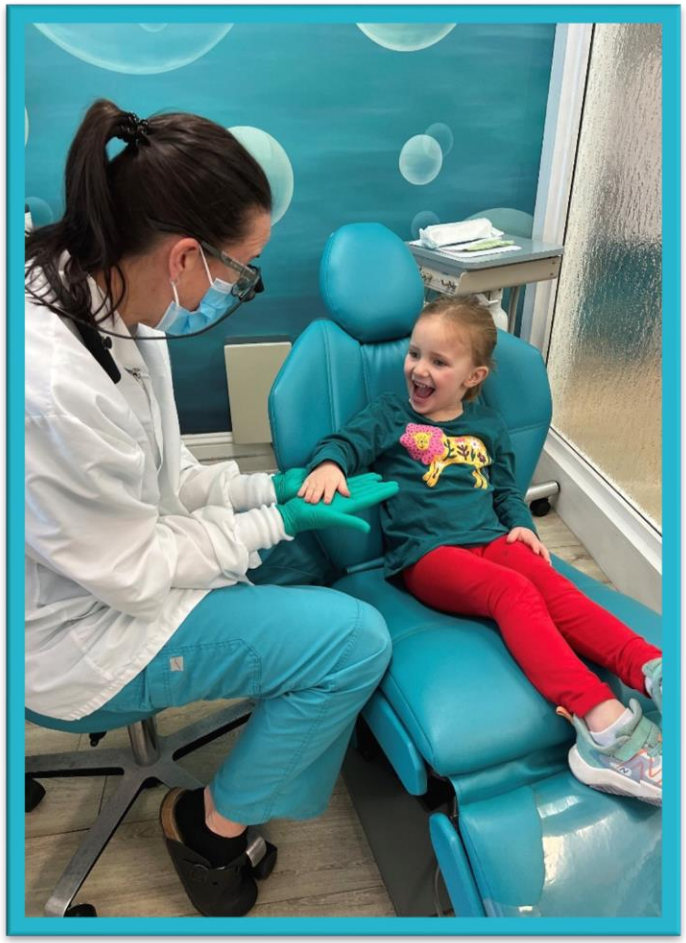

There will be a light that will shine in your mouth.

There is a tooth counter so they can count how many teeth you have. First they will count your fingers, then your teeth.

There is a special “tooth tickler” that you can feel on your finger first, before they use it on your teeth.
