My visit to the Dentist

A picture guide for taking pictures of my teeth

© Cipes Pediatric Dentistry

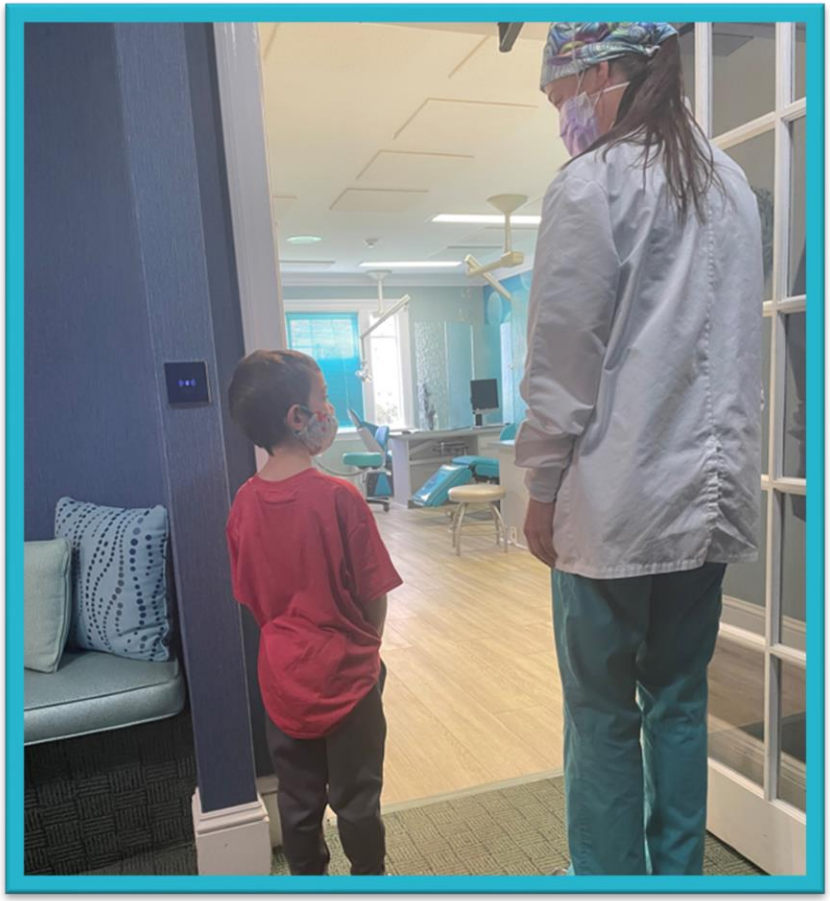

Everyone goes to the see the dentist. The dentist helps you take care of your teeth. At the dentist office, you will meet special people who know how to care for teeth.

This is John, he is a friend of the dentist and he is going to tell you what you need to know to be ready to visit the dentist for pictures

You will sit in a chair to have pictures taken of your teeth.

A heavy blanket will be put on, it will help keep your body calm.

See the tools the hygienist uses to take pictures of my teeth.

You can feel the paper for the picture if you want to.

This is the special camera we use to take pictures of your teeth.

© Cipes Pediatric Dentistry

The hygienist will put the paper in your mouth and ask you to bite down on the paper.

© Cipes Pediatric Dentistry

The hygienist will put the camera near your cheek to take a picture of your teeth.

Stay very still while you take the picture. The hygienist will push a button and you will hear a small beep. Then the picture is all done!
